

TEXAS CLIMATE-SMART INITIATIVE

WHO IS ELIGIBLE?

- Row crop, vegetable, orchard, livestock and forest commodity producers

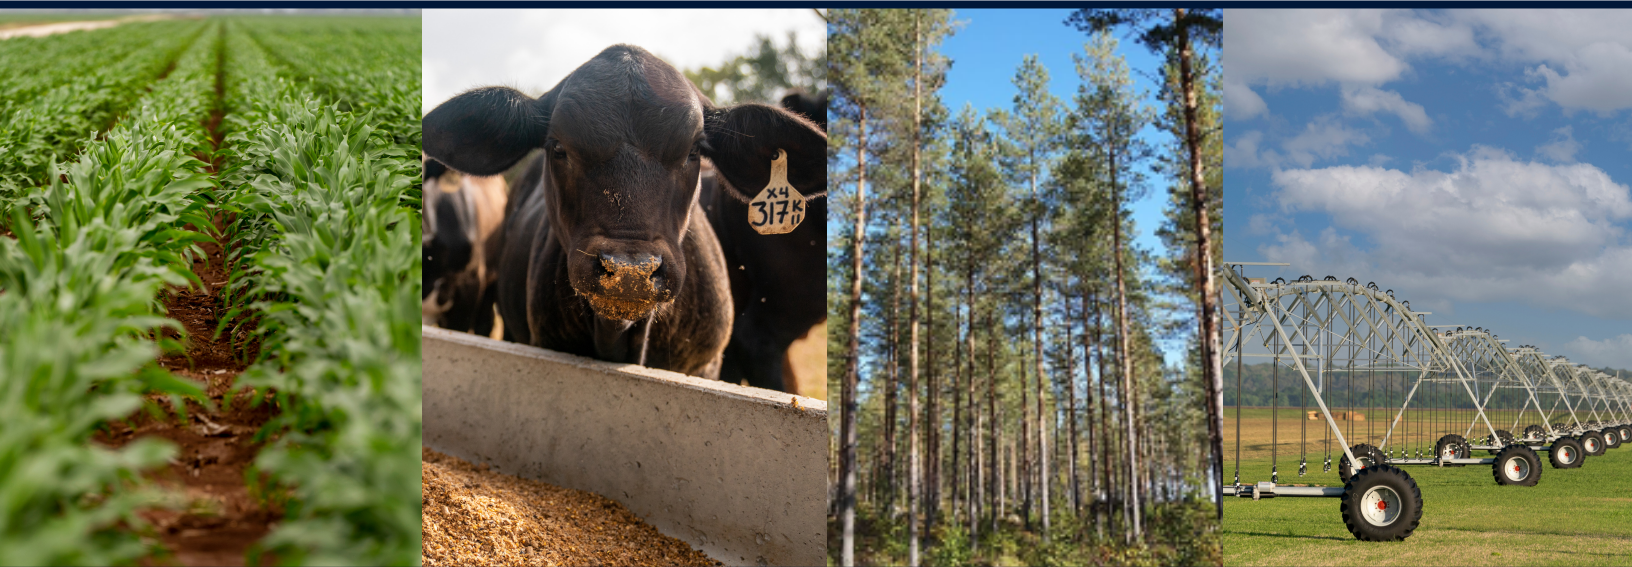

WHAT ARE THE BENEFITS?

- Financial incentives to adopt climate-smart practices
- Low-risk opportunity to evaluate climate-smart practices

WHAT IS REQUIRED*?

*on selected acreage

- Follow a farm-specific Climate-Smart Management Plan for 3 to 4 years
- Allow soil and gas sampling (1-4x/year)
- Provide economic data

PARTNERS Serving Texas Producers

Could your operation benefit from climate-smart practices?
